Commission Hunting For Site For Health Dept.

The Coffee County Commission met in regular session on Monday, Dec. 28, at the courthouse in Enterprise and sent out the word that the hunt was on for a site on which to construct a new county health department for the Enterprise division of the county.

Commissioner Sid Averett told the commissioners that he had checked into land along the new bypass in Enterprise and was told by one landowner that his land was for sale at a cost of \$20-25,000 per acre.

"I don't think the commission is willing to pay such a high price for land," stated Averett, "especially

when you consider we'll need at least four or five acres, at a minimum of 400 feet of frontage."

"The need for a new health department building is here now, but when I look at what we've done to get such a building, I see nothing happening for a long time. I urge all commissioners to actively look for a possible site for the new building and check into buying it soon so we can get started."

The commission agreed that land was needed for the construction of a new health department building in Enterprise and declared that if anyone in Enterprise had four or five acres they wanted to sell to house the building, to contact the probate judge's office in Enterprise as soon as possible.

In other action at Monday's meeting, which lasted only 30 minutes, the commission:

***Approved the low bid from Southern Fence of \$4,150 for fencing material to be used to erect a security fence around the county shop;

***Was informed that Commissioner Bill Faulk was honored as the top elected official in the state by the Alabama Association of Conservation Districts for his work with the department;

***Agreed to appoint two workers to the grievance committee at the next meeting on Jan. 11; and,

***After reviewing the budget agreed to give Commission Clerk Brunese Winston authority to borrow money to cover a projected shortage in the budget.

The commission will meet in Elba during the months of January - March, with all meetings scheduled for the second and fourth Mondays at 9 a.m., at the upstairs courtroom.

THE CHANGE THAT MATTERS
A man was in prison in Pennsylvania in the 1940's. In 1947 he submitted himself voluntarily to psychiatric surgery.

Experimentation was being done to cure criminals from criminal inclinations through psychiatric surgery. The explanation given was that the frontal lobes of the brain were severed from the nerve cells of the primitive emotional centers of the brain.

He emerged as a model prisoner; he was reformed supposedly by science. However, in 1952 the man found dead as a victim of suicide. In his apartment was found the loot of

at least 28 different burglaries - all committed after his surgery. The suicide note read: "I sentence myself to death for my misdeeds." There is probably little real change that occurs within human nature without the presence and power of Jesus. Paul wrote, "be ye transformed by the renewing of your mind." (Romans 12:2). The word translated "transformed" is "metamorphosis" which means to change the form.

Metamorphosis is what happens when a worm changes into a butterfly and when a tadpole changes into a frog.

Paul's words in Romans 12:2 suggest that that kind of radical change can also occur in human beings, but the kind of change is brought only by Christ.

ANSWERS TO YOUR BIBLE QUESTIONS

QUESTION:
WHAT DOES THE BIBLE SAY ABOUT THE DONATION OF BODY ORGANS AT DEATH?

BOB PRICHARD
Although the Bible does not speak directly to this question, certain principles may be considered in answering this question. The foremost principle is the sanctity of life. From the time God breathed into Adam the "breath of life," and "man became a living soul" (Gen. 2:7), life has been very precious. Man was cursed for shedding the innocent blood of his brother Abel. The sixth commandment warns, "Thou shalt not kill" (Ex. 20:7). The principle of the sanctity of life is important, because the purpose of organ transplants is usually to save or improve life.

Another principle to consider is the sanctity of the human body. In an age when people commonly abuse their bodies with alcohol, tobacco, and other drugs, we should remember Paul's question, "Know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?" (1 Cor. 6:19). Because of the sanctity of the human body, the Israelites were forbidden from cutting their bodies (Lev. 19:28). This prohibition was not planned to prevent surgery, or organ transplants, but was designed to avoid pagan practices such as was done by the priests of Baal in their contest with Elijah at Mount Carmel (Kings 18:28). Paul emphasized the importance of the body as he called the church the body of Christ (Eph. 1:22-23).

The sanctity of life, and the sanctity of the human body, are both preserved when body organs are donated at death. Because human life is so valuable, man must use all of his medical knowledge to preserve life. This includes the use of organ transplants, as well as skin grafts, and blood transfusions, which would fall into the same category. As long as the purpose of these medical practices is to preserve life, they should be acceptable to God. Some have envisioned a situation in which one life might be taken to preserve another. This, of course, would be wrong, because one life, such as the life of a rich or powerful person, is not more valuable than the life of a poor, or unimportant person.

Despite the modern desire to preserve the body after death, the natural order of things is for the body to decay. Over the centuries, millions of human bodies have returned to the dust (Eccl. 3:20). Decay of the body is no problem, because in the resurrection, the natural body will be raised a spiritual body. "For this corruptible must put on incorruption, and this mortal shall put on immortality" (1 Cor. 15:53). It will not matter in the resurrection if body organs have been donated to others, because the saved will have their new, incorruptible, resurrection bodies.

Views From The Pressbox By, Ricky Mularz

Another Christmas has come and gone and everything went pretty much as hoped at the Mularz house as our 4-year-old got just about everything she wanted and only broke one toy before noon on Christmas Day. It took a little spirit out of the holidays Saturday when the mailman started bringing the bills, but it was fun while it lasted!

TIGER PRIDE NEEDS TO SURFACE ON BASKETBALL COURT

The Elba Tigers won only five games all last season and with no real superstars coming back, this year's basketball season was pretty much written off as another losing experience even before the season began. I've watched the Tigers play a couple of times this season, and while I'll admit the team doesn't have as much talent as many area teams, the Tigers do have a couple of quality athletes and unless the players actually throw in the towel I think the squad can better last year's dismal record!

It won't be easy, for sure; however, it's not human nature to get whipped every time one competes, and the Tigers have some players who have never enjoyed losing in any sport and I think it's just a matter of time before the pride of the players begins to get hurt and they come back with a vengeance. It's not natural for Elba athletes to lose in any sport and I can't believe this year's basketball team will take defeat lying down.

SEAC TOURNAMENT MAY BE QUITE A SHOW

The Southeast Alabama Conference basketball tournament starts next week in Kinston and looking at this year's field it should be one heck of a tourney. The New Brockton Gamecocks have to be the favorites and are definitely the team to beat, but the Brantley Bulldogs are rolling along undefeated and you can't count out the talented Goshen Eagles or the homecoming Kinston Bulldogs. The tournament was played to small crowds last year at New Brockton without Kinston (who was on suspension), but this year the excitement is back at the Bulldog court and you can bet the excitement will be back. See ya there!

COLLEGE BOWL SEASON IS OFF TO GOOD START

I watched a couple of bowl games during the Christmas holidays and while I didn't really care who won the games I'll admit the games were interesting. The Sun Bowl didn't have Alabama this year (for a change), but put on quite a show as Oklahoma State and West Virginia tied up in a shootout and the winner wasn't decided until the Mountaineers failed on a 2-point try with one minute left in the game. The Blue-Gray game was boring again, while the Aloha Bowl was better than expected as Florida put up a good fight before losing to UCLA.

My wife doesn't watch much television (lucky for me) and so I have plans to watch a lot more TV this week as the big bowls swing into action. Since the Sugar Bowl is on Friday afternoon I'll get to watch both Auburn and Oklahoma play, which is great for me because I like the Sooners and want to watch the Tigers show Syracuse how the game is played in the SEC!

ELBA'S GOOSBY A HOT ITEM FOR COLLEGE RECRUITS

Back when Kevin Goosby was at Elba he failed to get his high school diploma with his class, and while many thought the basketball star would simply quit school and hang around, Goosby took the GED test to get his diploma and then signed a scholarship with Grayson State Junior College in Texas. Last year Goosby led the state's junior colleges in scoring and was named the Player of the Year in the Texas junior college ranks. This year the former Elba standout is at it again and is currently averaging 24 points a game, despite playing in a junior college league that boasts five teams in the nation's top 10, and is being actively recruited by just about every college in the nation.

I talked with Kevin last week during his break for the holidays and he stated that while he has already visited Missouri and Oklahoma, he was leaning to signing with Nevada-Las Vegas. Kevin did hint that he was interested in a visit to Auburn, but said he was happy out west and felt the style of play in Vegas suited his style.

I would like to see Goosby come back close enough for me to see him play, but I want him to go where he'll get to play and be happy, and I wish him nothing but the best!

IN CLOSING . . .

The basketball season is nearing the midway point and that means it's about time for me to crank back up on my cage standings. This year I'll get a little help from a couple of my friends who see a lot of games and no matter what the state polls say, the Clipper Poll will tell you what's happening down in south Alabama. Get ready . . .

Rebels Oust Tigers In County Tourney

The Zion Chapel Rebels erased a 15-point deficit in the final four minutes of the game to pull even and then scored 11 unanswered points in overtime to shock the Elba Tigers 80-69, in the opening round of the Coffee County basketball tournament Monday night at the ESJC gym.

The two cross-county rivals swapped buckets for much of the opening stanza as Elba's Leon Coleman and Zion Chapel's Scotty Lee took turns bombing from outside the 3-point line.

Wynn Grimes hit a 3-pointer late in the quarter to put the Tigers on top 14-11, and when Jason Johnson hit a free-throw at the 6:40 mark of the second quarter the Rebels had opened up a 22-14 lead.

The Rebels refused to let Elba pull away however, and behind the play of Calvin Newsum Zion Chapel rallied to cut the lead to 26-24 midway through the stanza.

A 3-pointer by the Rebels' Jeffery Flowers brought the Rebels within 31-29 in the closing minute of the half, and when the teams went in at intermission it was the Tigers ahead 33-29.

Elba began to take command in the third quarter and behind the play of Robert Wilson and Leon Coleman the Tigers stretched their lead 44-35.

Elba's advantage went to 54-39 at the end of the quarter and the Tigers seemed to be in total control as they owned a big 62-47 lead with only 4:05 left on the clock.

While the Tigers seemed content with their lead, the Rebels weren't about to give up, and with the aid of countless Tiger turnovers began a furious rally!

The first annual Coffee County B-team tournament began Monday night at the ESJC gym in Enterprise, with the Enterprise Wildcats and New Brockton Gamecocks posting opening round wins.

Following are highlights of both games:

Enterprise 68
Zion Chapel 46

Enterprise led all the way to pound Zion Chapel 68-46. The Wildcats jumped ahead 20-6 in the first quarter, stretched their lead to 38-18 at the half and coasted to the impressive win.

Kenneth Amos scored 13 points to lead Enterprise, while Jimmy Downing led Zion Chapel with 12.

E'prise [68]: Purvis 4, Crawford 2, Phillips 11, Lambert 12, Amos 13, Boland 2, Campbell 6, Petty 8, Coleman 7, Rhodes 3.

Z.C. [46]: Cole 10, Faison 2,

A 3-point shot by Scotty Lee cut the Elba lead to 68-61 with less than a minute to play, and when Lee nailed another bomb with :19 left, the Rebels were suddenly within 68-66.

The Tigers called a time-out to set up a play that they hoped would clinch the win, but the Tigers promptly turned the ball over and Zion Chapel's Calvin Newsum hit a layup and was fouled on the shot, and then made the free-throw to give the Rebs a stunning 69-68 lead with :06 left on the clock!

Elba's Steve Magwood went to the free-throw line with :01 left with a chance to give the Tigers a win and calmly hit the front-end of a 1-and-1 opportunity, but then misfired on the second shot and the game went into an extra period with the score knotted at 69-69.

The Tigers were short-handed in the overtime as no less than three starters sat on the bench with five fouls, and Zion Chapel took advantage of the absence of the trio to score at will and pull away to claim the 80-69 win.

Leon Coleman scored 33 points and hit five 3-point shots to lead the Tigers, while Jason Johnson added 18 points.

Calvin Newsum scored 34 points to spark the Rebels and Scotty Lee added 26.

The Elba Tigers rallied from an early 12-2 lead to grab a halftime lead, but couldn't hold on as the New Brockton Gamecocks posted an exciting 44-37 win.

The Gamecocks jumped out to a big 12-2 lead in the game and appeared to be headed for an easy win, but the Tigers rallied behind the play of Phil Boggan to grab a 19-18 halftime lead.

New Brockton regained the lead late in the third quarter and held on to post the win. Phil Boggan scored 10 points to lead Elba, while Todd Boland poured in 22 for New Brockton and Chris Turner added 10.

The Best Policy

PRE-VENTION

When losses occur, your State Auto policyholders can count on protection and service in time of need.

But we all agree that the best insurance against loss is prevention.

Prevention saves life, limb and property, and helps control insurance costs and premiums.

Defensive driving, use of seat belts, preventive measures to keep that accident from happening, that building fire from starting, that home burglary from being committed. These are your best insurance protection.

Other teams in the field include Highland Home, a much-improved squad with plenty of talent; Red Level, a perennial power that has been struggling this season; Dozier, a team with talent and perhaps the state's most exciting shooter in Terry Daniels, who hit 11 three-point shots in a single game; and Zion Chapel, a young team trying to put everything together under first-year coach Tom Walker.

ZION CHAPEL HAS VISITORS

By: TODD RUGG

Zion Chapel had some special visitors for lunch Thursday, Dec. 18. The honored guests were Supt. Clayton Bryant, Rep. Jimmy Holley and Revenue Commissioner Ronnie Burns. Along with the student body and faculty, they were served turkey and dressing, peach jello mold and a Christmas cookie shaped like Santa Claus. After lunch the guests were taken on a tour of the new fieldhouse at Zion Chapel and the newly renovated gym.

FHA AND FCA WORK ON CHRISTMAS PROJECT TOGETHER

By: LAVONIA JOHNSON

A new VCR for Project Independence was the Christmas project for the Future Homemakers of America (FHA) and the Fellowship of Christian Athletes (FCA). Project Independence lost their VCR and a typewriter in a recent robbery at the school. The FHA and FCA have a Christmas project each year and this was one they happily worked on together. The FHA made a cash donation as a group and individual members also made donations. Some grandparents of FCA members joined the effort by soliciting donations for the project.

Members of both clubs made the trip to deliver the gift. They sang Christmas carols and gave each student a candy bag that had been decorated and filled with special treats. The staff and students at Project Independence served club members the traditional Christmas drink eggnog without the "nog." FHA president Tammy Duncan and FCA president Stacy Faison made the gift presentation.

SANTA PAYS AN EARLY VISIT TO ZION CHAPEL

By: JACKIE PARRISH

Santa Claus left presents for 13 lucky young people at Zion Chapel. Beta Club members were Santa's elves and helped the recipients open their gifts and also served refreshments. Radios and remote control cars were big hits for the party. The children also played with other toys such as baby dolls, Matchbox cars, footballs, toy machine guns and various games. All of them received a box of color crayons and coloring book for Santa Claus.

New Year Resolutions

By: JACKIE PARRISH

"I will with all students at Zion Chapel School would use the verb 'to see' correctly," said Mrs. Rachel Bryan. "My New Year's resolution is to increase my efforts to correct the incorrect use of this verb."

The World Book says that "in ancient Rome, the first day of the year was given over to honoring Janus, the god of gates and doors and of beginnings and endings. The month of January was named after this god."

Janus had two faces and looked both ahead and backward. On the first day of the year Roman people looked back to what had happened during the past year and thought of what the coming year might bring."

Over the centuries it has become the custom of people all over the world to look back at the past year and resolve to do better in the future.

Faculty and students at Zion Chapel do their part to continue this tradition.

"I resolve to quit making New Year's resolutions that deal with

money, food or dieting!!!!"

Marsha Oggs

"I resolve to stay out of trouble."

Rena Flowers

"I resolve to do my best in whatever I do and I promise to make someone special to me happy throughout the year."

Jane Davis

"I resolve to not take my friends for granted."

Angela Rodgers

"I resolve to make 1988 the best year ever and spend more time with my family."

Wanda Barnhill

"I resolve to be a nicer person and learn to control my temper."

Melissa Stephens

"I resolve to be able to let a certain someone know how much I care in 1988."

Wayne Davis

"I resolve to live one day at a time enjoying each passing moment."

Ms. Earline Cochman

"I resolve to be able to lose ten pounds and be in a better mood every day when I come to school so certain people will not aggravate me and try to pull me apart."

Lavonia Johnson

"I resolve to be more organized and to get more exercise."

Mrs. Rhonda Brunson

"I resolve to make my life happier, provide love for my friends, and spend a little more time with my family."

Nursing Home Spotlight

With Shirley Wise

We're visiting Mrs. Pearlle Flay Tindol Lowry this week, a most remarkable "young" lady of 83! When I asked an aide at the nursing home, in her presence, if she could believe Miss Pearlle was 84 years old, she quickly and emphatically spoke up and informed me that she was only 83! Ha! I quickly begged her pardon on that! Miss Pearlle is most alert, "bright as a penny" and "cute as a button" with a quick wit. We both agreed that she is truly blessed - to be 83 years of age, and in such comparatively good physical, as well as mental, health.

To be exact and to keep the record straight, Miss Pearlle was born Nov. 3, 1904, in the New Hope Community, one of three children born to Mr. and Mrs. Charlie Tindol. Mrs. Tindol was the former Miss Lanie Baker, isn't that an unusual and pretty name - Lanie. Mr. Charlie was a farmer and Miss Lanie was a seamstress.

Speaking of names, when we asked Miss Pearlle about her unusual middle name, "Flay," she told us her future husband's grandniece, Samantha Lowry, named her. She has a daughter named Easter Flay, so named because she was born on Easter Sunday and Dr. E.G. Bragg, the attending physician, named her Easter.

The two siblings of Miss Pearlle, both of whom are deceased, were Yallie Lee, who died at the age of 16, from blood poisoning, as the result of a cousin picking a pimple on her face with a pin. (Now I understand why my three won't allow me to "just let me press it one little time" - their pimples!), and Phony, who died suddenly with a paralysis at the age of 27.

The brothers and sisters of Mr. Charlie, all of whom are deceased, are:

Jim, who was married to the late Ora Martin; Bill, who was married to the late Molly Folsom; Jesse, who was married to the late Lizzie Boutwell; Maude, who was married to the late Bill Weatherford; and Missouri Fain.

All the above lived in the vicinities of the Folsom Bridge and Mixson's Crossroads communities during their lifetimes.

The brothers and sisters of Miss Lanie, all of whom are deceased, are: Lanie, who was married three times and was living in Skippersville at the time of his death; Porter, who resided in Birmingham with his wife; Jim, a resident of the Spring Hill Community with his wife, Nancy, who lived in the Victoria Community with her husband, Julian Brooks, also deceased; Nettie Whittington, who lived in Tarentum with her husband, and Lala Smith, who lived in Opp with her husband.

On May 1, 1920, Miss Pearlle was wed to Beresford F. Lowry, who was born July 19, 1900, one of five children born to Mr. and Mrs. Edwin Alonzo "Pad" Lowry. Mrs. Lowry was the former Ada Whitaker. Mr. Pad was a farmer and Miss Ada a homemaker.

The brothers and sisters of Mr. Lowry are: Ora, who resides in Elba with her husband, Ezra Kelley; Lier, who was married to the late Ezra Martin, and who makes her home in Dublin, Ga.; (another unusual name); Bonnie Mae, who was married to the late Elma Maddox, until her death this past summer; and Berlin, deceased, who was married to the former Mattie Maude Waters, who now resides in Level Plains, after moving from Tampa, Fla., after the death of Mr. Berlin.

Mr. Beresford was a Baptist preacher, and preached for 50 years. I think this was extraordinary, especially back in the days when preachers received very little monetary assistance; and he and Miss Pearlle reared and educated eight children on his salary! And all eight have done exceedingly well, as we shall see shortly! I salute the Lowry family - all of you!

Miss Pearlle recalled the lean times when her husband would be given one or two chickens, some home-canned food, and/or fresh vegetables as payment; the times he walked, rode a horse, or traveled in a "Hoover car!" (How many of you remember one of those?) And, finally the congregation of St. John, gave him a Model-T. "But through it all, we made it - with the Good Lord's help," she stated firmly and with assurance!

This reminds me of the Jones family - I hope Lois Jones Holt won't mind my sharing this.

Her father, the late R.K. Jones, was a Methodist minister for over 45 years, and he and his wife, the former Lella Mae Tate, also deceased, reared and educated 13 children on a Methodist preacher's salary back in those lean days!

Lois has some amusing, heart-warming and poignant stories she shares sometimes. One of these I always get a chuckle over, and can vividly imagine - is the one about all 15 Joneses going someplace on - get this - one car! My three squeal if by some remote chance they have to share a seat in a car. Don't the times

Mrs. Pearlle Flay Tindol Lowry

change????? Also, I'd like to note that out of the 13 "Jones" kids, 11 have college degrees, and one has 2 1/2 years of college. The old maxim, "Where there's a will, there's a way," most surely applies here!

Churches - Brother Lowry pastored here at Bluff Springs (his last church), Woodland Grove, New Haven, Mt. Gilead, Victoria, St. John (Pike Co.), Monticello (Pike Co.), and Jokin (Pike or possibly Crenshaw Co.).

Bro. Lowry passed away August 12, 1984.

Subtracting the year they were married - 1920 - from the year he passed away - means they shared 64 years of marital bliss!

Miss Pearlle's oldest child, Charles, died this past August of cancer. He was a resident of Pensacola, Fla., and was married to the former Lucile Martin, a Pensacola native. He was a radio repairman. Miss Lucile is employed with a company in Pensacola.

They were the parents of two children (she has no grandchildren). An interesting thing to me - their son James Edwin, plays guitar with the Oak Ridge Boys - his proud grandmother told me, "He can play anything he wants to - he's very musical."

When we asked if she'd ever seen him perform, she replied, "Only on television - except when he was a little boy, he was always singing. I'd play the piano and he'd sing. I played the piano for my husband when he was preaching."

When we asked if James Edwin inherited his musical ability from her, she said both sides of the family - Tindols and Lowrys, were musically inclined.

Ouida was married to B.J. Hall, deceased, a native of the New Hope Community. Miss Ouida is a sitter for elderly folks and Mr. B.J. was employed with the railroad. She resides in Ellentown, Fla.

They were the parents of three children, one of whom is deceased, and three grandchildren.

Mary is married to Judge Payne, a native of the Ozark/Newton area. They reside in Newton. Mary is employed with the telephone company and Mr. Judge is a retired mail carrier at Ft. Rucker. They are the parents of two children and have four grandchildren.

Edna Dean, or as she is better known, "Billy," resides in Sandersville, Ga., with her husband, Dr. Bob Bickham, a native of Auburn. She is a dental hygienist and also helps her husband with his veterinary practice. They have four children and one grandchild.

The fifth child is Jack, who lives in Jacksonville, Fla., with his wife, the former Elvira Cole, a native of the state of Washington. He is employed with the telephone company and she is a homemaker. They are the parents of four children and have five grandchildren.

The sixth child is the aforementioned Easter Flay, who, with her husband, Marvin Logan, an Onocenta native, reside in Onocenta. Flay is a music teacher and Marvin owns a florist shop. They have one child and no grandchildren.

Fran is married to Bill Turner, a native of the New Hope/Victoria Community. They reside in Phenix City where Fran is employed with Opelika Industry located in Phenix City, and Bill is employed with Colonial Bread. They have two children and no grandchildren.

The "baby" is B. Frank, who resides on a Jack route with his wife, the former Christine Boswell, an Elba native. B. Frank works with Dorsey Trailers and Christine is employed at Ft. Rucker. They have two children and no grandchildren. Counting the above gives Miss Pearlle 20 grandchildren and 13 great-grandchildren. She is lovingly called "Mama Lowry" and "Maw Maw" by them.

Miss Pearlle is a member of the Zion Chapel Baptist Church. She said "blue" is her favorite color; "rose" her favorite flower; "spring and summertime" her favorite seasons, "because the weather is so pretty;" her favorite holiday "Easter, because it's getting close to spring;" she says her hobbies are "sewing, doing quilts, working outside in the garden and yard, I enjoyed cooking pretty well, I like to go fishing."

When asked if she ever caught any "big" ones, she laughed and replied, "No, I never did catch any big ones, but it was fun catching the little ones!" Guess that is most fishermen's sentiment!

She said she liked "all kinds of

vegetables, and meat too!"

When we asked our three favorite questions: "If you could live your life over, what, if anything, would you do differently?"; "If you had one wish, what would it be?"; and "What would be your advice to people today?," she replied respectively: "No, I don't know that I would change anything or do anything differently;" "I'd wish for all my family to stay well and live right, live Christian lives;" and "Live for the Lord and not take up any of these modern habits of the world today."

When asked if she liked the nursing home, she replied enthusiastically. "Yes, I like the nursing home. Everybody's so nice. The nurses and aides are so sweet; they have good food and lots of it."

In closing, let us say how much we enjoyed meeting and visiting Miss Pearlle and sincerely hope that you too enjoyed reading about her, and perhaps will visit her and all the other dear souls at the nursing home real soon!

***Thought for the week: This week I've lifted some gems from the little devotional booklet, "Our Daily Bread," and would like to share them so that you too might be uplifted:

***The smaller we become, the more room God has to work.

***God's help is only a prayer away.

***Some troubles come upon us wanting to have our own way; others come from being allowed to have it.

***When God allows extraordinary trials, He gives extraordinary comfort.

***Forgiveness saves the expense of anger, the cost of hatred and the waste of energy.

***We cannot avoid growing old, but we can avoid growing cold.

***God has not promised to give us answers - just grace.

That's all for now.

CLASS MAKES DONATION. . . The third-grade class of Mrs. Mary Holley at Kinston Elementary School helped make this Christmas especially merry for a Coffee County youngster as they donated money to the Coffee County Dept. of Human Resources for the purchase of a toy to be given to an underprivileged child. The students made the donation voluntarily and all wished the child who receives the gift a "Merry Christmas!"
